Options for the hobbyist or car club are to either purchase a commercially-available engine break-in stand that will cost \$875-\$1,250 or build your own for roughly half of that.

DIY Engine Break-In Stand - How To Design And Build A ...

The fix involves pulling the engine back out and repairing the damage. It would have been nice if we had a test stand where we could run the engine first and uncover the fault where it would be easy to repair. Maybe the guys at Summit Racing have been there too because they just released a simple, self-contained engine test stand on wheels.

Automotive Engine Test Stand Plans - delapac.com

Engine Stand Project . I decided that it would be nice to have an engine run-in stand. place to bolt a motor, then fire it up and run it for break-in, tuning, and to find and fix any problems, such as leaks, before doing the final motor installation.

Engine Stand Project - Laine Family

The engine is still supported by the engine crane, while I'm welding up the crossmember. Crossmember detail. Crossmember bracing. Since the engine will torque this sideways, I felt bracing is a good idea. Probably unnecessary, but for \$5 worth of additional steel and 10 minutes worth of welding, why take a chance.
