CHAPTER 10 What

You'll Learn You will
write chemical

equations to describe
chem-ical reactions.

You will classify and
identify chemical
reactions. You will

write ionic equa-tions
for reactions that occur
in aqueous solutions.

Why It's Important

Chemical reactions
affect you every
second of every day.

Chemical Reaction :
Whenever a chemical
change occurs we can
say that a chemical
reaction (permanent
change) has taken
place which can be
expressed symbolically
by a chemical
equation. e.g. Food
gets digested in our
body. Rusting of iron.
