Loncin Engines Reviews

Honda lawn mower engines use overhead cams in their engines, which are of course, to their own design. These have a number of advantages, including increasing efficiency and power output for a given torque. Loncin is a very good Chinese engine manufacturer that is gaining a growing reputation for quality and reliability as well as value all round.

Cheers guys, I have heard a few good reports from a few guys who have used a loncin. Was thinking about getting one with a 202 for a bit more flow. brandnew with the pump works out about £1200 from that jetmac mob.. Cheers for the feedback.. How much quicker do the petrol washers go through fuel compared to the diesels?

Loncin engines? Any good?

I've had a Loncin powered 2.5kw generator for over 3 years now. I use it for power tools in off grid building maintenance etc. It has performed faultlessly, is easy very to start and reasonable on fuel consumption.

Loncin Honda clones.. Any good? - boards.ie

If the Loncin pistons and rings are available as spare parts and the engine can be bought from HF for \$750, it might be a pretty inexpensive total package price for approx 27 HP. Still, after the cost of machining and the new parts, it would be as/more expensive than the B&S 810cc Turf Series (\$875) that is factory rated at 27 HP and comes with ...

Reply #22 Dec 20, 2011 7:17 pm. Maybe so Steve but generally speaking, from what I've read (and experienced), the consensus regarding Chinese engines has been pretty much positive. There are also certain Chinese companies who have improved their products to get a leg up on their competitors. LCT, Champion, Loncin and Kippor seem to be building a good reputation in the Americas.

LCT vs. Loncin: who's best?

I settled on a 196cc OHV model with that looked of decent quality. Finally I found a plaque that read "Loncin Industrial." A quick Google search turns up they make motorcycles and a lot of off road

I think the Clinton engine is pretty well banjaxed - I can see the piston wobble quite noticeably when I press on it with my finger, and the recoil start is dodgy - so I think the best solution is...

Slightly OT: Loncin engines any good? - Google Groups

I have a Lifan which is supposed to be a bit better than the Loncin. For the 400\$ I spent it's not too bad. It's in a Honda xl200 dual sport which I sold to a friend. He beats the cr@p out of it. Drops the clutch revs the thing to the moon, wheelies etc. etc. It's still running with the original oil in it and seems fine.
