The Second Italo-Abyssinian War was Italy's conquest of Ethiopia, a process it began after the 1885 Partition of Africa. Italy was defeated in its first attempt at conquest at the battle of Adwa in 1896, allowing Ethiopia to become the only African nation to remain free of European control. Italian colonial forces

In Italy, economic conditions had greatly improved so there was no further incentive for her citizens to emigrate. Italian migration to Australia virtually stopped. By the mid-1970s, many Italians who had arrived in Australia after World War 11 ran successful businesses and owned their own homes and at least one rental property.

Italy during World War II was characterized by autarchy, or autarchia as we say in Italian, which was an important part of Italy's life and economy both before and during the war years. Through autarchy, Mussolini believed, Italy would not only have freed itself from economic dependence from other countries, but would have also
